Call for Papers

IAAE 2018 Annual Conference
International Association for Applied Econometrics
Conference

**University of Quebec in Montreal (UQAM) and
University of Montreal (UdeM)
June 26-29, 2018**

Following the success of the past four Annual Conference of the International Association for Applied Econometrics, our Fifth Annual Conference will be locally organized by the University of Quebec in Montreal (UQAM) with collaboration from the University of Montreal (UdeM), and the Centre Interuniversitaire de Recherche en Économie Quantitative (CIREQ). The Conference will be held at UQAM, Montreal, June 26-29, 2018.

The main aims of IAAE are to advance the education of the public in the subject of econometrics and its applications to a variety of fields in economics, in particular, but not exclusively, by advancing and supporting research in that field, and disseminating the results of such useful research to the public.

The IAAE conference brings together leading researchers in the field and is a major forum where all aspects of econometrics (theory and practice) are discussed and debated.

Logistics

The conference will be hosted by the University of Quebec in Montreal (UQAM) with collaboration from the University of Montreal (UdeM) and Centre Interuniversitaire de Recherche en Économie Quantitative (CIREQ). The conference will be held at UQAM, Montreal, June 26-29, 2018.

For further logistic information, please contact the local organizers at info@iaae2018.org or check the conference website at iaae2018.org

Full Paper Submission Procedure

Authors are invited to submit theoretical and empirical papers on the suggested topics (submission of abstracts or synopses will not be

accepted). Papers will be evaluated and selected by the committee members in their specific area.

Papers should be submitted electronically (pdf only) no later than 11:59 pm ET, February 18, 2018 to:

https://editorialexpress.com/cgi-bin/conference/conference.cgi?action=login&db_name=IAAE2018

Authors should specify if they are or not willing to present their paper in poster sessions or only in regular sessions.

Student Submission

Graduate students should indicate so when they submit their papers to the IAAE Conference, on the Conference Maker site, as this will make them eligible to receive travel sponsorship *on a competitive basis*, and to participate in the Student Prize contest.

Student Prize

The IAAE will award a 500 USD prize for the best paper presented by a graduate student in a regular or poster session. To be eligible, candidates' paper submissions should be followed up by a letter from a professor certifying that the submitter is a graduate student in good standing. *Papers co-authored with senior economists will not be considered.* The paper should be submitted at the conference website. The letter should be submitted electronically to Marcelle Chauvet at enquiries@appliedeconometrics.org. The subject line must be *2018 IAAE Student Prize Award*. The winner will be announced during the conference.

Registration

Conference details will be posted on the IAAE's website:

<http://appliedeconometrics.org/>

and at the conference website iaae2018.org

The registration fee to attend the conference before 11:59 pm E.T. April 18th is:
